SULZER DEFENSE RESTS ITS CASE

Governor and His Wife Fail to Take Witness Stand.

ACTION CREATES SENSATION

New York Executive Decides Not to Defend Himself in Person Because He Did Not Wish to Be Placed in the Position of Shielding Himself Behind His Wife.

Albany, N. Y., Oct. 9.—Without calling either Governor Sulzer or his wife to the witness stand his counsel rested their defense in the trial of his impeachment.

According to D. Cady Herrick, chief of his attorneys, Governor Sulzer decided not to defend himself in person because he did not want to be placed in the position of shielding himself behind his wife, for it was for Mrs. Sulzer, according to the testimony that the governor had his Wall street dealings.

Judge Herrick said that the governor had heard from many quarters, including Washington, that "any man who would shield himself behind his wife ought to be removed."

Monday next being a holiday the court probably will adjourn from Friday until Tuesday, when, it is expected, the verdict on the governor's guilt or innocence will be reached.

Friends of the governor pictured him as a man who had martyred himself for the sake of his wife. Judge Herrick pointed out that the testimony of Allan A. Ryan best disclosed the reason why the governor had not taken the stand. This was the conversation which Ryan said he had with the impeached executive early in September in relation to obtaining political influence to stop the trial.

Anxious to Protect Wife.

"I suggested to Mr. Sulzer," Ryan's testimony ran, "now that certain charges had been made against him, I did not see that he could afford to put himself in a position in which he could not answer the charges, as he said that the reason was that he did not want to drag his wife into the situation and put her on the stand."

The sudden announcement that the case for the defense was closed created a profound sensation in the courtroom. Only a few days after the trial began Governor Sulzer told newspaper men that he positively would appear in his own defense. He said that at that time he would tell an "astounding story," that would force Charles F. Murphy, leader of Tammany Hall, to take the stand in his defense also.

Up until a few days ago the governor was still insistent that he be allowed to tell his story, but he finally yielded, it was said, to the advice of his attorneys.

In preparation for this story, as well as that expected from Mrs. Sulzer, counsel for the impeachment managers had in reserve half or a dozen more witnesses whom they had expected to put on in rebuttal.

The closing of the taking of testimony by the defense was announced by Attorney Herrick after presiding Judge Cullen had refused to admit into evidence a story of alleged graft involving D. W. Peck, superintendent of public works, who testified early in the trial that Governor Sulzer had asked him to deny under oath that he had made a \$500 campaign contribution.

It was announced by counsel that Louis Marshall for the defense would begin the summing up. He will be answered by Judge Alton B. Parker. Friday Judge Herrick will close the summing up for the defense and Edgar T. Brackett will close for the board of managers.

THREE SHOT IN STRIKE RIOT

Constables Battle With Foreigners at Cheswick, Pa.

Pittsburg, Oct. 9.—Three men were shot, one probably fatally, in a battle between two constables and a number of foreign striking miners at Cheswick, near here.

Several hundred foreigners, employed at the Harwick mine of the Allegheny Coal company at Cheswick, have been on strike for several days. Constables Shaner and Boylan visited the village with warrants for the arrest of two strikers. The officers were surrounded by a threatening crowd. A shot was fired and the constables then opened fire.

MAY REPEAL ONE SECTION

Administration Officials Want Tariff Law Amended.

Washington, Oct. 9.—If the consent of Representative Underwood and other house leaders can be secured a joint resolution will be passed through congress within a few days, repealing that portion of the new tariff law authorizing a 5 per cent tariff rebate on goods brought to this country in American owned ships.

The decision to ask for the repeal of the clause was reached by administration officials after experts of the state and treasury departments had decided that to carry out its exact terms would mean a reduction of 5 per cent in tariff on goods from practically all of the chief exporting countries except Brazil, France and Russia.

MEXICAN REBELS TAKE TORREON

Rumors of Massacre of Spaniards Are Current.

BIG FEDERAL FORCE DESERTS

Another Report in Circulation Maintains That General Aulert, With One Thousand Men, Who Was on His Way to the Relief of Torreon, Has Joined the Insurgents.

Mexico City, Oct. 9.—An unconfirmed report is that General Trucey Aubert, who, with a thousand men, left Saltillo three weeks ago to march to the relief of Torreon, has gone over to the rebels.

Mexico City, Oct. 9.—With the capture of Torreon by the rebels rumors became current of a massacre of Spaniards, which, if confirmed, would approach the horror of the massacre of Chinese in the same city during the Madero revolution in 1910.

It is estimated that there are between sixty and one hundred Spaniards in the city of Torreon. Refugees, who have communicated with the rebels in that district, declare that it has been a common boast that they would slaughter the Spaniards if they captured the town.

The Spanish minister to Mexico, Senor Colagoyan Coloman, was without information further than the reports. He held a long conference with the American charge, Nelson O'Shaughnessy, and the latter made an appointment with the Mexican foreign minister.

The American charge is convinced of the truth of the capture of the city and has so notified Washington. Few Americans are left in Torreon.

The rebels are said to be headed by Francisco Villa, whose reported capture and execution by the federals recently was later disproved.

Every effort has been made by the authorities here to keep news of the affair from the public.

BET HIS ALL ON FIRST GAME

New Yorker Commits Suicide Following His Loss.

New York, Oct. 9.—One life was staked on the Giants winning the opening game. The man who laid the bet with death was George M. Still, prominent restaurateur and oyster dealer.

His body was found, self slain, by escaping gas in his home. The story of the tragic wager was told the police by the dead man's son, George M. Still, Jr.

"Father," he said, "was a giant fan. He couldn't get away from business to see the big contest and asked me to go and tell him all about it when I got home. He owed \$5,000, due in a few days. He was worried over the debt and had raised all the money he could and bet it on the Giants. It was the only way he could think of to raise the \$5,000 and save his oyster business."

ST. PAUL MAN GIVES BAIL

Will Be Tried in Chicago on White Slave Charge.

Chicago, Oct. 9.—William R. Edwards, the St. Paul lumberman who was indicted Monday for violation of the Mann White slave law, gave bond for \$5,000. The bond was signed by the Illinois Surety company. Mr. Edwards was indicted following testimony given by Miss Ada M. Cox, a stenographer, who charges that the St. Paul man caused her transportation from Chicago to Minneapolis in 1910 for improper purposes.

A warrant issued for Edwards' arrest was not served because of an oversight, and his attorney, Hobart P. Young, said that Mr. Edwards had returned to St. Paul. No date was set for future proceedings, which will come up before Judge Carpenter in the federal court.

BALL FAN DROPS DEAD.

New York, Oct. 9.—A middle aged man who had been leading the cheering in front of a Park row bulletin board dropped dead of heart disease as the news was flashed that Mathewson had made a hit in the tenth inning.

Bats and Mann Hold House.

Washington, Oct. 9.—Speakerless, quorumless and clerkless the house met again and renewed its ineffectual attempts to work on the urgent deficiency bill. A flock of bats volplaning in the chamber kept congressmen amused, while Republican leader Mann forced roll calls.

ABANDONS SILENCE POLICY

Charles F. Murphy Denies Being Asked to Aid Sulzer.

New York, Oct. 9.—Charles F. Murphy, leader of Tammany Hall, abandoned his policy of silence long enough to assert that no one had ever come to him with a request that he stop Governor Sulzer's impeachment or trial.

"No person has ever approached me on that subject," Mr. Murphy said. "The very first thing I knew about this phase of the situation was when I read the testimony of Allan Ryan in the newspapers. That was all news to me."

AMERICAN MINISTER ENDS REVOLUTION

Brings About Peace in Dominican Republic.

Santo Domingo, Dominican Republic, Oct. 9.—The American minister to the Dominican republic, James M. Sullivan, has induced the warring factions in this country to sign a peace pact and the revolution headed by General Horatio Vasquez against the government of Provisional President Jose Bordas Valdez is at an end.

The American minister's action is the first successful application of the United States government's new Latin-American policy with regard to the Dominican Republic, which is to the effect that the force of arms can never again settle any question in this country.

Mr. Sullivan has made it known that the last civil war in the republic has been fought. In the future any uprising, he says, will be stamped out as criminal without a conference being held between the opposing factions, the United States government supporting the constitutional authority against force regardless of the merits of the issue. The people of Santo Domingo are being instructed that the remedy for future grievances lies in the free ballot at a future election.

The American policy, as announced by Mr. Sullivan, has been accepted by all parties regardless of political affiliations.

TWO HURT BY BLAST ON BOAT

Loaded Shell Among Supplies Causes Accident to Reloaders.

Milwaukee, Oct. 9.—A mistake in handling a loaded shell which it was believed was empty caused an explosion on the United States revenue cutter Tuscorora which seriously injured two seamen.

The injured men are F. Diebold, a seaman, and Olaf Foss, a gunner. Diebold's arm was lacerated so that amputation was necessary. He was wounded in the thigh and his feet were severely burned. Foss' right leg was mangled and he was injured in the neck, hands and chest. Physicians found it necessary to amputate his leg.

JURY IGNORES COURT ORDER

Refuses to Return a Verdict of Not Guilty in Bank Case.

Sturgis, S. D., Oct. 9.—At the close of the state's case of the trial of Henry O. Anderson, charged with permitting shareholders of the Meade County bank to borrow in excess of 50 per cent of the capital stock, the defense moved that the court advise the jury to return a verdict of not guilty. The court instructed the jury that the state had failed to submit a prima facie case and advised the jury to return a verdict of not guilty.

The jury retired, but after being out more than four hours reported a failure to agree upon the verdict as advised by the court. The jury was then discharged.

Five Hurt in Iowa Wreck.

Marshalltown, Ia., Oct. 9.—Five persons were injured, none seriously, when the Minneapolis and St. Louis southbound passenger train, filled with excursionists from the Twin Cities and Northwest, crashed into a string of box cars in the local yards.

COMPROMISES IN NEW TARIFF BILL

Usual Amount of Selfishness Shown in Last Stages.

EVERYBODY IS NOT PLEASED.

Champ Clark Says No One Can Write Tariff Measure That Will Suit Anybody Else—However, Democrats Give People What They Voted For In 1910 and 1912—Country Ready.

By ARTHUR W. DUNN.

Washington, Oct. 9.—[Special.]—The last stages of the tariff showed the usual amount of selfishness in both senate and house, although it did not have the opportunity for such exhibitions in the house as in the senate. The men in the senate who could not have their way as to the tariff were decidedly antagonistic to the members of the conference committee who had worked so long to bring about an adjustment.

Although compromise has been the keystone of legislation from the foundation of the government, many men think that compromise can only be effected when it is made in their favor. That sentiment was voiced to some extent in both houses, not so much in the public speeches as in the talk with conferees when the bill was nearing completion.

Find Defects In Bill. The new tariff bill is said to be full of faults. "Only one man can write a tariff bill," once remarked Champ Clark, "but it will suit no other man on earth except himself." And so the new tariff bill does not suit any one man in all particulars. To that extent it is faulty. But it is the Democratic tariff. It is the law which the people voted for in 1910 and 1912.

It has been known ever since the Wilson-Gorman law was passed that the next time the Democrats enacted a tariff law it would be tariff revision downward which meant something. And that is what the Underwood bill is—beyond question.

But the country has been braced for several years for the new tariff, and there should be no danger of business depression.

Organization Counts. In a speech defending the Democratic program Speaker Champ Clark pointed out the benefits of organization both in politics and war. "We must have organization," said the speaker, "in order to enact the will of the people into law, and we have got it, and we have had it for the last three years. That is the reason why we are where we are now. Until three years ago fights in this house were like battles between the militia and regulars. The Democrats were the militia fighting regulars, but now the boot is on the other foot. We are the regulars, we are the drilled men, we are organized, and the Republicans and Progressives are the disrupted militia."

Champ believes in organization, discipline and training, whether in the army or in politics.

Protests Didn't Count. Both in the senate and house protests were made against paying the expenses of a delegation of senators and members to a conservation convention in Knoxville, Tenn. In both houses it was denounced as "junk" and the assertion made that members of congress ought to pay their own expenses on such occasions, but the resolutions were passed just the same.

Adjectives by Murdock. Congressman Payne of New York had just finished his last speech on the tariff, and Progressive Leader Murdock took the floor. "One of the tragedies connected with the retirement from this body," he said, "must be the reflection that once away from here one would not have the opportunity to hear the gentleman from New York ejaculate, eruptively, spontaneously, irrelevantly, grandiloquently, 'Two billion five hundred million dollars' followed by applause on the Republican side." The figures referred to were the last year under the Payne tariff.

What the President Meant. J. Hampton Moore told the house what the president meant in his address on the currency question. "The congressmen may expect to see a summer and until Pennsylvania avenue is covered with snow unless you send me what I want and when I want it." The Philadelphia congressman added, "Administered with literary insulation, which softened the shock, this was the ultimatum."

Then Moore went on to show that the Democrats were taking orders from the White House. But, even so, it is not the first instance of the kind known in Washington.

Southern Members Divided. One would naturally suppose that if there was anything upon which the southern members could agree it would be legislation relating to cotton, yet upon the matter of suppressing speculation or gambling in cotton on the exchanges the southern men were all split up. They wanted to get some sort of action, but they could not agree upon the kind of measure they wanted. We are likely to hear quite a lot about this cotton business in the next session.

Toothpicks. A single mill in Maine uses 2,000 cords of paper birch each year in the manufacture of toothpicks.

BATTING RALLY IN TENTH

New York Giants Defeat Philadelphia Athletics.

Philadelphia, Oct. 9.—Culminating with a tenth-inning batting rally by the Giants after the failure of the Athletics to score in the ninth when first and third bases were occupied the second game of the world's series fought out here, was replete with thrills, chief of which was the pinch hitting and pinch hitting of Christ Mathewson. The Giants won the game by a score of 3 to 0.

Mathewson won the game, after it had been as thoroughly lost as any fish that ever wiggles off a hook. It was a match of strength between Mathewson and Plank, the veteran pitcher of the Athletics. For eight innings there wasn't a run had been scored, and if the Athletics were more savage on the attack the Giants were impregnable in defense.

LOW CHURCHMEN ELECT CANDIDATE

Triennial Convention of Protestant Episcopalians.

New York, Oct. 9.—What was looked upon as the first test of voting strength between the high church and low church factions came at the triennial convention of the Protestant Episcopal church when Rev. Dr. Alexander Mann, rector of Trinity church, Boston, was elected president of the house of deputies. Dr. Mann was a candidate of the low church element and defeated Rev. W. T. Manning, rector of Trinity church, New York by 250 to 122.

The president wields a strong influence in the councils of the house of deputies. He has duties and powers similar to those of the speaker of the house of representatives in congress.

The election of Dr. Mann was regarded by members of the low church party as a substantial victory. One result of the vote, some of them declared, would be that the question of changing the denominational name to the American Catholic church probably would not be placed before the convention. High church delegates asserted, on the other hand, that the vote was too close to give any indication what course legislation would take.

Dr. Henry Anstice of New York, who served as secretary at the convention in Cincinnati three years ago, was elected.

The house of bishops elected Bishop Boyd Vincent of Southern Ohio chairman and re-elected Dr. Samuel Hart of Connecticut secretary.

RESCUED BY CHAFFEE GRANT

Grandson of General Shoots Negro Assailant of Young Woman.

San Diego, Cal., Oct. 9.—Miss Ellen Deely was attacked by a negro in the heart of an exclusive residence section and was saved from her assailant by Chaffee Grant, son of U. S. Grant, Jr., near whose home the attack was made. As the negro fled Grant shot him with a revolver. The police have found no trace of the assailant.

DUE TO BALL GAME.

Philadelphia, Oct. 9.—While watching an electric score on board during the game between the Giants and Athletics, John Sherrick collapsed on the sidewalk and died in a few minutes. It was during the first inning of the contest and eye-witnesses declare that Sherrick had just yelled "Give us another homer, Baker!" But Baker had struck out.

EVERY COACH IS DERAILED

Over Fifty Persons Injured in Montana Wreck.

Forsythe, Mont., Oct. 9.—Fifty or more passengers were injured when the Olympian, the fast eastbound train of the St. Paul road, was derailed near Ingomar hill. Every car was derailed and most of them rolled down an embankment.

The fact that all coaches were of steel construction probably saved the lives of many of the passengers.

The train was running down grade at a speed of about sixty miles an hour when a fruit car directly behind the engine left the rails. It dragged the engine tender off.

The baggage, mail, express and smoking cars jumped the track and rolled down the embankment. The tourist sleeping cars also were thrown down the embankment and one Pullman rolled part way down.

The steel coaches withstood the strain and were not greatly damaged.

ACCUSED OF MISUSING FUNDS

Former Minneapolis Alderman Is Held for Trial.

Minneapolis, Oct. 9.—Michael A. Gerber, former alderman and founder of the municipal baths on Hall's Island, now president and treasurer of the Gerber Printing and Binding company, was taken from a sickbed and arraigned in the district court on an indictment returned by the grand jury charging him with stealing \$786.70 entrusted to him by Mrs. Catherine Pierre, a widow.

Mr. Gerber pleaded not guilty before Judge J. W. Molyneux and was released on a \$1,500 bond. The sureties were Mayor Wallace G. Nye and John P. Nash. The trial was set for Nov. 3.

The indictment merely charges that the money was in Gerber's possession and that he appropriated it to his own use.

Pennsylvanian Confesses to Squandering \$75,000.

Hollidaysburg, Pa., Oct. 9.—Mathias Stehle, a prominent building association official of Altoona, Pa., and president of a German singing society, was convicted here on a charge of embezzling \$15,000 belonging to his minor son, John H. Stehle.

The prosecutor was a bonding company, the surety on Stehle's bond as guardian for his son.

Stehle confessed on the witness stand that he had squandered \$75,000 of other people's money in real estate speculations.

FIVE OF FAMILY DIE BY GAS

New York Father and Four Children Are Asphyxiated.

Democrats Intend Careful Study of Currency Measure.

ANGRY AT CHAIRMAN GLASS

O'Gorman of New York, Reed of Missouri and Hitchcock of Nebraska Represent Remarks of House Member. Bankers' Convention Adopts Resolutions Opposing Bill in Its Present Form.

Washington, Oct. 9.—The senate committee on banking and currency will not be coerced or cajoled into hasty action on the administration's currency bill.

That is the answer of a majority of the committee to President Wilson's efforts to force a discontinuance of the hearings on the measure and a speedy report to the senate.

The hearings will go on until Oct. 25 if witnesses appear who desire to be heard and then the committee will undertake a thorough consideration of the proposed legislation in executive session.

This means that the likelihood of legislation at this session as the president has demanded is slight.

All doubt as to the independent attitude of a majority of the committee was removed at an executive session. The three Democratic senators who have been standing out against the president's repeated requests for early action, O'Gorman of New York, Reed of Missouri and Hitchcock of Nebraska, spoke their minds freely. They resented keenly the talk of insistence by the White House upon hasty action and they were plainly incensed at the attack made upon Senator Hitchcock and indirectly on other Democratic members of the committee by Carter Glass, chairman of the house banking and currency committee.

While the senate committee thus served notice of its independence of executive control President Wilson is as determined as ever that the senate shall enact the administration currency bill at this session of congress. He is going ahead steadily with plans for convincing Democratic senators on the committee that haste is necessary and that the bill should go on the statute books before Dec. 1.

ONLY ONE DISSENTING VOTE

Bankers' Convention Condemns Pending Currency Bill.

Boston, Oct. 9.—The bankers of the United States again declared their opposition to the proposed federal reserve plan of reform in the currency and banking system.

With only one dissenting vote more than 2,000 bankers from all sections of the country gathered at the first day's sessions of the annual convention of the American Bankers' association and ratified action of the conference of bankers in demanding amendments to the federal reserve act, now pending in congress.

The financiers also approved the work of their own currency commission, which had reported the system of governmental control proposed in the Glass-Owen bill to be socialistic and "imposing unequal hardships on the banks and equally unfair hardships on the general public."

MOTION PICTURE ROMANCE

Engagement of Miss Myra M. Deltz Announced.

Flint, Mich., Oct. 9.—A romance which centers about the making of a motion picture of the famous battle of Cameron dam, Wis., culminated here when B. Eugene Newman, Chicago, announced his engagement to Miss Myra M. Deltz, heroine of the siege. The fight resulted in the injury to Miss Deltz and the conviction and sentencing to life imprisonment of her father, John P. Deltz, for shooting a deputy sheriff.

Newman met Miss Deltz while she was in an Ashland hospital suffering from the bullet wound. After her recovery he suggested making a photo play dealing with the siege. While the picture was being made at Cameron dam he proposed marriage and Miss Deltz accepted.

STARVED HERSELF TO DEATH

California Woman Fasted Sixty-seven Days.

Palo Alto, Cal., Oct. 9.—Mrs. Grace H. Foss died of starvation after a fast of sixty-seven days, during which time she took no nourishment except water. Mrs. Foss, who was forty-five years old, resisted all attempts to feed her. The decision to starve is attributed to melancholia.

Admits Giving Fatal Blow.

San Francisco, Oct. 9.—Joseph Linger, twenty years old, admitted to the police that he struck the blow that caused the death of Charles Walk, fifteen year old, who was knocked down on the street after addressing a jocular remark to Miss Edna Holbrook, whom Linger was escorting. Linger believed young Walk was a masochist.

ing either Governor Sulzer or his wife
to the witness stand his counsel rest-
ed their defense in the trial of his
impeachment.According to D. Cady Herriek, chief
of his attorneys, Governor Sulzer de-
cided not to defend himself in person
because he did not want to be placed
in the position of shielding himself
behind his wife, for it was for Mrs.
Sulzer, according to the testimony
that the governor had his Wall street
dealings.Judge Herriek said that the gov-
ernor had heard from many quarters,
including Washington, that "any man
who would shield himself behind his
wife ought to be removed."Monday next being a holiday the
court probably will adjourn from Fri-
day until Tuesday, when, it is expect-
ed, the verdict on the governor's guilt
or innocence will be reached.Friends of the governor pictured
him as a man who had martyred him-
self for the sake of his wife. Judge
Herriek pointed out that the testi-
mony of Allan A. Ryan best disclosed
the reason why the governor had not
taken the stand. This was the con-
versation which Ryan said he had
with the impeached executive early
in September in relation to obtaining
political influence to stop the trial.

Anxious to Protect Wife.

"I suggested to Mr. Sulzer," Ryan's
testimony ran, "now that certain
charges had been made against him, I
did not see that he could afford to
put himself in a position in which he
could not answer the charges. He
said that the reason was that he did
not want to drag his wife into the
situation and put her on the stand."The sudden announcement that the
case for the defense was closed cre-
ated a profound sensation in the
courtroom. Only a few days after
the trial began Governor Sulzer told
newspaper men that he positively
would appear in his own defense. He
said that at that time he would tell
an "astounding story," that would
force Charles F. Murphy, leader of
Tammany Hall, to take the stand in
his defense also.Up until a few days ago the gov-
ernor was still insistent that he be
allowed to tell his story, but he finally
yielded, it was said, to the advice
of his attorneys.In preparation for this story, as well
as that expected from Mrs. Sulzer,
counsel for the impeachment man-
agers had in reserve half a dozen
more witnesses whom they had ex-
pected to put on in rebuttal.The closing of the taking of testi-
mony by the defense was announced
by Attorney Herriek after presiding
Judge Cullen had refused to admit
into evidence a story of alleged graft
involving D. W. Peck, superintendent
of public works, who testified early
in the trial that Governor Sulzer had
asked him to deny under oath that he
had made a \$500 campaign contribu-
tion.It was announced by counsel that
Louis Marshall for the defense would
begin the summing up. He will be
answered by Judge Alton B. Parker.
Friday Judge Herriek will close the
summing up for the defense and Ed-
gar T. Brackett will close for the
board of managers.

Governor Sulzer's impeachment or trial."No person has ever approached me
on that subject," Mr. Murphy said.
"The very first thing I knew about this
phase of the situation was when I
read the testimony of Allan Ryan in
the newspapers. That was all news
to me."AMERICAN MINISTER
ENDS REVOLUTIONBrings About Peace in Do-
minican Republic.Santo Domingo, Dominican Repub-
lic, Oct. 5.—The American minister to
the Dominican republic, James M. Sul-
livan, has induced the warring fac-
tions in this country to sign a peace
pact and the revolution headed by
General Horatio Vasquez against the
government of Provisional President
Jose Bordas Valdez is at an end.The American minister's action is
the first successful application of the
United States government's new Lat-
in-American policy with regard to the
Dominican Republic, which is to the
effect that the force of arms can never
again settle any question in this
country.Mr. Sullivan has made it known
that the last civil war in the republic
has been fought. In the future any
uprising, he says, will be stamped out
as criminal without a conference be-
ing held between the opposing fac-
tions, the United States government
supporting the constitutional author-
ity against force regardless of the
merits of the issue. The people of
Santo Domingo are being instructed
that the remedy for future grievances
lies in the free ballot at a future elec-
tion.The American policy, as announced
by Mr. Sullivan, has been accepted by
all parties regardless of political af-
filiations.

TWO HURT BY BLAST ON BOAT

Loaded Shell Among Supplies Causes
Accident to Reloaders.Milwaukee, Oct. 5.—A mistake in
handling a loaded shell which it was
believed was empty caused an ex-
plosion on the United States revenue
cutter Tuscorora which seriously in-
jured two seamen.The injured men are F. Diebold, a
seaman, and Olaf Foss, a gunner.
Diebold's arm was lacerated so that
amputation was necessary. He was
wounded in the thigh and his feet
were severely burned. Foss' right
leg was mangled and he was injured
in the neck, hands and chest. Physi-
cians found it necessary to amputate
his leg.

JURY IGNORES COURT ORDER

Refuses to Return a Verdict of Not
Guilty in Bank Case.Sturgis, S. D., Oct. 5.—At the close
of the state's case of the trial of Hen-
ry O. Anderson, charged with permit-
ting shareholders of the Meade Coun-
ty bank to borrow in excess of 50 per
cent of the capital stock, the defense
moved that the court advise the jury
to return a verdict of not guilty. The
court instructed the jury that the
state had failed to submit a prima
facie case and advised the jury to re-
turn a verdict of not guilty.The jury retired, but after being out
more than four hours reported a fail-
ure to agree upon the verdict as ad-
vised by the court. The jury was then
discharged.

Five Hurt in Iowa Wreck.

Marshalltown, Ia., Oct. 5.—Five per-
sons were injured, none seriously,
when the Minneapolis and St. Louis
southbound passenger train, filled
with excursionists from the Twin Cit-
ies and Northwest, crashed into a
string of box cars in the local yards.COMPROMISES IN
NEW TARIFF BILLUsual Amount of Selfishness
Shown in Last Stages.

EVERYBODY IS NOT PLEASED.

Champ Clark Says No One Can Write
Tariff Measure That Will Suit Any-
body Else—However, Democrats Give
People What They Voted For in 1910
and 1912—Country Ready.

By ARTHUR W. DUNN.

Washington, Oct. 5.—[Special.]—The
last stages of the tariff showed the
usual amount of selfishness in both
senate and house, although it did not
have the opportunity for such exhibi-
tions in the house as in the senate.
The men in the senate who could not
have their way as to the tariff were
decidedly antagonistic to the members
of the conference committee who had
worked so long to bring about an ad-
justment.Although compromise has been the
keystone of legislation from the foun-
dation of the government, many men
think that compromise can only be ef-
fected when it is made in their favor.
That sentiment was voiced to some ex-
tent in both houses, not so much in the
public speeches as in the talk with
colleagues when the bill was nearing
completion.Find Defects in Bill.
The new tariff bill is said to be full
of faults. "Only one man can write a
tariff bill," once remarked Champ
Clark, "but it will suit no other man
on earth except himself." And so the
new tariff bill does not suit any one
man in all particulars. To that extent
it is faulty. But it is the Democratic
tariff. It is the law which the
people voted for in 1910 and 1912.It has been known ever since the
Wilson-Gorman law was passed that
the next time the Democrats enacted
a tariff law it would be tariff revision
downward which meant something.
And that is what the Underwood bill
is—beyond question.But the country has been braced for
several years for the new tariff, and
there should be no danger of business
depression.

Organization Counts.

In a speech defending the Demo-
cratic program Speaker Champ Clark
pointed out the benefits of organization
both in politics and war. "We must
have organization," said the speaker.
"In order to enact the will of the peo-
ple into law, and we have got it, and
we have had it for the last three
years. That is the reason why we are
where we are now. Until three years
ago fights in this house were like bat-
tles between the militia and regulars.
The Democrats were the militia fight-
ing regulars, but now the boot is on the
other foot. We are the regulars, we are
the drilled men, we are organized, and
the Republicans and Progressives are
the disrupted militia."Champ believes in organization, dis-
cipline and training, whether in the
army or in politics.

Protests Didn't Count.

Both in the senate and house pro-
tests were made against paying the
expenses of a delegation of senators
and members to a conservation con-
vention in Knoxville, Tenn. In both
houses it was denounced as "junket"
and the assertion made that members
of congress ought to pay their own ex-
penses on such occasions, but the resolu-
tions were passed just the same.

Adjectives by Murdock.

Congressman Payne of New York
had just finished his last speech on the
tariff, and Progressive Leader Mur-
dock took the floor. "One of the trag-
edies connected with the retirement
from this body," he said, "must be the
reflection that once away from here
one would not have the opportunity to
hear the gentleman from New York
ejaculate, eruptively, spontaneously,
irrelevantly, grandiloquently, 'Two bil-
lion five hundred million dollars' fol-
lowed by applause on the Republican
side." The figures referred to the ex-
ports the last year under the tariff.

What the President Means.

J. Hampton Moore told the news
what the president meant in his ad-
dress on the currency question. "You
congressmen may expect to sit all
summer and until Pennsylvania av-
enue is covered with snow unless you
send me what I want and when I
want it." The Philadelphia congress-
man added, "Administered with liter-
ary insulation, which softened the
blow, this was the ultimatum."Then Moore went on to show that
the Democrats were taking orders
from the White House. But, even so,
it is not the first instance of the kind
known in Washington.

Southern Members Divided.

One would naturally suppose that if
there was anything upon which the
southern members could agree it would
be legislation relating to cotton, yet
upon the matter of suppressing specu-
lation or gambling in cotton on the
exchanges the southern men were all
split up. They wanted to get some
sort of action, but they could not agree
upon the kind of measure they want-
ed. We are likely to hear quite a lot
about this cotton business in the next
session.

cords of paper birch each year in the
manufacture of toothpicks.

BATTING RALLY IN TENTH

New York Giants Defeat Philadel-
phia Athletics.Philadelphia, Oct. 5.—Culminating
with a tenth-inning batting rally by
the Giants after the failure of the
Athletics to score in the ninth when
first and third bases were occupied
the second game of the world's series
fought out here, was replete with
thrills, chief of which was the pitch-
ing and pinch hitting of Christ-
Mathewson. The Giants won the
game by a score of 3 to 0.Mathewson won the game, after it
had been as thoroughly lost as any
pitch that ever wiggles off a hook. It
was a match of strength between
Mathewson and Plank, the veteran
pitcher of the Athletics. For eight in-
nings there wasn't a hair to choose
between them—for not a run had been
scored, and if the Athletics were more
savage on the attack the Giants were
impregnable in defense.LOW CHURCHMEN
ELECT CANDIDATETriennial Convention of Protes-
tant Episcopalians.New York, Oct. 5.—What was
looked upon as the first test of vot-
ing strength between the high church
and low church factions came at the
triennial convention of the Protestant
Episcopal church when Rev. Dr. Alex-
ander Mann, rector of Trinity church,
Boston, was elected president of the
house of deputies. Dr. Mann was a
candidate of the low church element
and defeated Rev. W. T. Manning,
rector of Trinity church, New York
by 250 to 82.The president wields a strong influ-
ence in the councils of the house of
deputies. He has duties and powers
similar to those of the speaker of
the house of representatives in con-
gress.The election of Dr. Mann was re-
garded by members of the low
church party as a substantial victory.
One result of the vote, some
of them declared, would be that the
question of changing the denomina-
tional name to the American Catholic
church probably would not be placed
before the convention. High church
delegates asserted, on the other hand,
that the vote was too close to give
any indication what course legislation
would take.Dr. Henry Anstice of New York,
who served as secretary at the con-
vention in Cincinnati three years ago,
was elected.The house of bishops elected
Bishop Boyd Vincent of Southern
Ohio chairman and re-elected Dr.
Samuel Hart of Connecticut sec-
retary.

RESCUED BY CHAFFEE GRANT

Grandson of General Shoots Negro
Assailant of Young Woman.San Diego, Cal., Oct. 5.—Miss Ellen
Deeley was attacked by a negro in
the heart of an exclusive residence
section and was saved from her as-
sault by Chaffee Grant, son of U. S.
Grant, Jr., near whose home the at-
tack was made. As the negro fled
Grant shot him with a revolver. The
police have found no trace of the
assailant.

DUE TO BALL GAME.

Philadelphia, Oct. 5.—While
watching an electric score
board during the game between
the Giants and Athletics, John
Sherrick collapsed on the side-
walk and died in a few min-
utes. It was during the first
inning of the contest and eye-
witnesses declare that Sher-
rick had just yelled "Give us
another homer, Baker!" But
Baker had struck out.

EVERY COACH IS DERAILED

Over Fifty Persons Injured in Mon-
tana Wreck.Forsythe, Mont., Oct. 5.—Fifty or
more passengers were injured when
the Olympian, the fast eastbound
train of the St. Paul road, was
ditched near Ingomar hill. Every
car was derailed and most of them
rolled down an embankment.The fact that all coaches were of
steel construction probably saved the
lives of many of the passengers.
The train was running down grade
at a speed of about sixty miles an
hour when a fruit car directly behind
the engine left the rails. It dragged
the engine tender off.The baggage, mail, express and
smoking cars jumped the track and
rolled down the embankment. The
tourist sleeping cars also were thrown
down the embankment and one Pull-
man rolled part way down.The steel coaches withstood the
strain and were not greatly damaged.

ACCUSED OF MISUSING FUNDS

Former Minneapolis Alderman Is
Held for Trial.Minneapolis, Oct. 5.—Michael A.
Gerber, former alderman and founder
of the municipal baths on Hall's
Island, now president and treasurer of
the Gerber Printing and Binding com-
pany, was taken from a sickbed and
arraigned in the district court on an
indictment returned by the grand jury
charging him with stealing \$786.70
entrusted to him by Mrs. Catherine
Pierro, a widow.Mr. Gerber pleaded not guilty be-
fore Judge J. W. Molyneux and was
released on a \$1,500 bond. The sur-
ties were Mayor Wallace G. Nye and
John P. Nash. The trial was set for
Nov. 3.The indictment merely charges that
the money was in Gerber's possession
and that he appropriated it to his own
use.

convicted here on a charge of embe-
zling \$15,000 belonging to his minor
son, John J. Stehle.The prosecutor was a bonding com-
pany, the surety on Stehle's bond as
guardian for his son.Stehle confessed on the witness
stand that he had squandered \$75,000
of other people's money in real es-

ANGRY AT CHAIRMAN GLASS

O'Gorman of New York, Reed of Mis-
souri and Hitchcock of Nebraska Re-
sented Remarks of House Member.
Bankers' Convention Adopts Reso-
lutions Opposing Bill in Its Present
Form.Washington, Oct. 5.—The senate
committee on banking and currency
will not be coerced or cajoled into
hasty action on the administration's
currency bill.That is the answer of a majority of
the committee to President Wilson's
efforts to force a discontinuance of
the hearings on the measure and a
speedy report to the senate.The hearings will go on until Oct.
25 if witnesses appear who desire
to be heard and then the committee
will undertake a thorough considera-
tion of the proposed legislation in ex-
ecutive session.This means that the likelihood of
legislation—this session as the president
has demanded is slight.All doubt as to the independent at-
titude of a majority of the committee
was removed at an executive session.
The three Democratic senators who
have been standing out against the
president's repeated requests for ear-
ly action, O'Gorman of New York,
Reed of Missouri and Hitchcock of
Nebraska, spoke their minds freely.
They resented keenly the talk of in-
sistence by the White House upon
hasty action and they were plainly in-
censed at the attack made upon Sen-
ator Hitchcock and indirectly on other
Democratic members of the com-
mittee by Carter Glass, chairman of
the house banking and currency com-
mittee.While the senate committee thus
served notice of its independence of
executive control President Wilson is
as determined as ever that the sen-
ate shall enact the administration
currency bill at this session of con-
gress. He is going ahead steadily
with plans for convincing Democratic
senators on the committee that haste
is necessary and that the bill should
go on the statute books before Dec. 1.

ONLY ONE DISSIDENTING VOTE

Bankers' Convention Condemns Pend-
ing Currency Bill.Boston, Oct. 5.—The bankers of the
United States again declared their
opposition to the proposed federal
reserve plan of reform in the
currency and banking system.With only one dissenting vote more
than 2,000 bankers from all sections of
the country gathered at the first
day's sessions of the annual conven-
tion of the American Bankers' as-
sociation and ratified action of the con-
ference of bankers in demanding
amendments to the federal reserve
act, now pending in congress.The financiers also approved the
work of their own currency commis-
sion, which had reported the system
of governmental control proposed in
the Glass-Allen bill to be socialistic
and "imposing unwise hardships on
the banks and equally unwise hard-
ships on the general public."

MOTION PICTURE ROMANCE

Engagement of Miss Myra M. Deltz
Announced.Flint, Mich., Oct. 5.—A romance
which centers about the making of a
motion picture of the famous battle
of Cameron dam, Wis., culminated
here when B. Eugene Newman, Chi-
cago, announced his engagement to
Miss Myra M. Deltz, heroine of the
siege. The fight resulted in the in-
jury to Miss Deltz and the conviction
and sentencing to life imprisonment
of her father, John F. Deltz, for
shooting a deputy sheriff.Newman met Miss Deltz while she
was in an Ashland hospital suffering
from the bullet wound. After her re-
covery he suggested making a photo
play dealing with the siege.While the picture was being made
at Cameron dam he proposed mar-
riage and Miss Deltz accepted.

time she took no nourishment except
water. Mrs. Foss, who was forty-five
years old, resisted all attempts to feed
her. The decision to starve is at-
tributed to melancholia.

Admits Giving Fatal Blow.

Many range people from Crosby,
Deerwood and Ironton have formed
the habit of motoring to Brainerd to
attend the fine shows now being given
at the Brainerd opera house. Never
has Brainerd been blessed with such
a wealth of charming and commenda-
ble attractions. The best and noth-
ing but the best, equalling the Twin
Cities and the Twin Ports, is shown
at the popular local play house. The
audience, in many cases, should be
much larger and theater goers should
show their appreciation by attending
regularly.

There is more Catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
remedies, and by constantly failing to
cure with local treatment, because it
incubates. Science has proven Catarrh
requires constitutional treatment.
Half's Catarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio, is the
only Constitutional cure on the market.
It is taken internally in doses from 10
drops to a teaspoonful. It acts directly
on the blood and mucous surfaces of
the system. They offer one hundred
dollars for any case that fails to cure. Send

NEW WAY TO FIGHT FIRES.

Firemen's Association Told Water
Will Not Be Used at All.

That the days of fighting fire with
water are practically over was the an-
nouncement made at the convention
of the National Firemen's association
in Chicago by Simon Kellerman, Jr.,
of Edwardsville, Ill., statistician of the
association.

"I expect that the use of water for
the fighting of fires will be almost done
away with within the next five years,"
he said. "At present in the large
cities most of the small fires are put
out with chemicals, and in time, I be-
lieve, guns for shooting powdered
chemicals or chemical bombs, will be
used for fighting all big blazes. The
loss of property will be much smaller
when more chemicals are used. At a
fire which I lately witnessed the loss
on the property, due to the fire, was
about \$5,000, while the loss due to the
water poured on the flames was about
\$20,000. This is the greatest argu-
ment that can be found for the use of
chemicals."

BUSH IS PITCHING

Joe Bullet Bush, the Athletics Speed
Merchant, Was Turned
Loose on Giants

The Minneapolis Journal says that
in the regular order of things Plank
was the pitching choice of Connie
Mack, but there was a lurking suspi-
cion that a switch might be made
at the last minute. "Bullet" Joe
Bush, as Leslie Bush is nicknamed,
the speed merchant of the Athletics,
would have the elements to help him
out on a dark day. He is a young-
ster and has never performed in a
world's series, but is obviously not
in the least worried or nervous over
the conflict now in progress.

Connie Mack, in an interview given
the Philadelphia North American,
gave his views on winning the series.
"Without wanting to go into de-
tails," he said when pressed, "I think
that we ought to win. We have every
respect for McGraw and his players.
Any team winning a championship
in a major league is entitled to that,
but we have an idea that we are the
masters of the National League mon-
archs."

"We beat them, McGraw, Mathew-
son, Marquard and all in 1911, so
why should we fear them this year?"
"I hear that we have a poor lot of
pitchers, but all fears on this score
are circulated from points other than
Philadelphia. Every man of my team
from manager down has the greatest
confidence in the staff that will hurl
against the Giants."

"I am not going to say whether pitch-
er will go on the mound tomorrow.
It will depend on circumstances, but
whoever he is, he will make a good
account of himself."

"We won't have Coombs this year,
but Bender, Plank, Shawkey, Bush
and Houck or Brown are good enough
to win any series. My present staff
outpitched stars like Walter Johnson,
Cy Falkenberg, Tex Russell, Willie
Mitchell and Joe Boehling in the
American League this season, so it
must be something more than a me-
diocre group."

Only the players eligible to partici-
pate in the series accompanied
Mack, a fleet of youths being left at
home. The eligibles are: McInnis,
Collins, Barry, Baker, Lavan, Orr,
Oldring, Strunk, E. Murphy, D. Mur-
phy, Daley, Walsh, Lapp, Schanz,
Thomas, Bender, Plank, Shawkey,
Bush, Houck, Brown, Wyckoff and
Davis. Coombs, the other eligible is
ill in Philadelphia, and could not
make the trip.

DEFINES ADULTERATION OF CANNED TOMATOES.

Attention Is Called to Decisions Given
In Food Inspections.

On the ground that there seems to
be a general misunderstanding in cer-
tain localities regarding what consti-
tutes adulteration of canned tomatoes,
the superintendent of the department
of agriculture in Washington has is-
sued a warning, at the same time
calling attention to the department's
food inspection decision on this sub-
ject.

The can used for any canned food
product serves not only as a container,
but also as an index of the quantity of
food contained, it is declared. It should
be as full of food as is practicable
without injuring the quality or appear-
ance of the contents.

Tomatoes are a food product which
may be canned without the addition of
any other substance; therefore the ad-
dition of water is deemed adulteration.
Pulp has been discovered pre-
pared from trimmings, cores and other
waste material which was added to
canned tomatoes. This pulp is not a
normal ingredient of canned tomatoes
and is therefore deemed adulteration.

Also, if in the canning of a lot of
tomatoes more juice is added than
normally would be present, the same is
considered an adulteration in the
opinion of the board of food and drug
inspection.

A number of decisions have been
handed down in favor of the United
States in suits brought against com-
panies that have shipped in interstate
commerce canned tomatoes adulterated
with pulp or an excessive amount of
juice.

Quite Natural.

"Of course," said the tourist, "you
know all about the antidotes for snake
bite?"

"Certainly," replied the explorer.
"Well, when a snake bites you
what's the thing you do?"

At the end of the seventh of the score was 5 to 1 in favor of Philadelphia. Tesreau, the husky spitball pitcher, is in the box for New York.

Bulletin, 3:57 P. M.—The third game of the world's series went to the Athletics by the score of 8 to 2.

The expected has happened. Leslie Bush, fondly nicknamed "Joe Bullet," has pitched his world's series game and won it. The town of Brainerd has been set on the highest pinnacle of fame in the baseball world by its esteemed citizen and boy wonder, Leslie Bush.

When the lad went from Brainerd to Missoula and helped win the pennant there, great things were predicted for him. Connie Mack sent out a scout and signed him up and when ten days with the team he pitched a winning game. The Brainerd Dispatch stated a year ago that Bush would make a good pinch pitcher and that whenever the occasion arose that hand and nerve were needed that Bush was there with both feet. The boy would show his greatest strength in a crisis.

The greatest words one can say of any man and that one can say of Bush: "He was tried and he made good."

At the suggestion of George D. LaBar, president of the First National bank, a congratulatory telegram, signed by all possible, will be sent to Bush tonight.

A. H. PROCTOR WITH FIRST NATL.

Ironton's Orpheum Theater Pleases Patrons—Has Seating Capacity of 250

Ironton, Minn., Oct. 9—John H. Hill has been attending to court matters in Duluth.

Construction of the Peter Spina hotel has been retarded by the work of wiring the building.

The Cuyuna Range Hospital association has been formed with hospitals in Crosby and Cuyuna and the following staff of physicians and surgeons, Dr. R. J. Sewall, of Crosby; Dr. J. E. McCoy, of Ironton; Dr. A. V. Denman, of Deerwood and Dr. Arden Freer, of Cuyuna.

Sylvester Shroyer is the new marshal of Ironton, having recently been appointed by the village council.

On November 1 A. H. Proctor, formerly cashier of the First National bank of Duluth, will take the management of the First National bank of Ironton. A two story brick building to house the bank will soon be constructed.

The Orpheum theatre building erected by P. J. Long has been opened to the public and satisfactory moving pictures shows are given. The theatre has fine opera chairs. Its seating capacity is 250.

Children from the Cuyuna-Mille Lacs mine district are to be transported by bus from the mine to Ironton and back. To John Stierens was awarded the contract of hauling the twelve or more pupils.

The Ironton school will soon be completed. Building has progressed far enough so that the board can use one of the basement rooms for school purposes, thus relieving a very congested situation. There are now over 150 scholars at the Ironton school.

Attorney D. B. McAlpine attended to legal matters in Brainerd. The young lawyer is building up a large practice.

Ironton's new cement sidewalks, of broad width, give the town an air of metropolitan distinction.

The much heralded Northern Pacific railway depot will soon be built.

MUSIC IN PORTUGAL.

Portugal has only one conservatory of music, located at Lisbon. The highest salary paid is \$500 a year. Assistant teachers get \$150. Orchestral players, though they have a union, are paid at the San Carlo theater no more than \$40 to \$50 a month. At vaudeville and musical comedies they get 60 cents to \$1.20 a performance.

Mrs. Bertha Vedvick and Carl Erickson, of Brainerd, are Arrested in Duluth

THEORIN ESCORTS THEM BACK

In Meantime Mrs. Erickson Takes Care of Her Four and the Vedvick Two Children

Deputy Sheriff Claus Theorin brought back on the midnight train from Duluth last night Carl Erickson, of this city, charged by his wife with desertion and Mrs. Bertha Vedvick, charged by her husband with desertion of their children. Both are now lodged in jail.

In conversations with Deputy Sheriff Theorin, Carl Erickson claimed his wife was not true to him. Such an accusation from a man who has left his wife while she takes care of his own four children and the two of the women he eloped with comes with bad grace.

Mrs. Vedvick told the deputy sheriff she had to make a living and support her children and wanted to leave her husband.

The Duluth Herald got the story of both when they were arrested at Duluth Tuesday. Her own husband having gone to work on a farm, Mrs. Bertha Vedvick, 21 years old, accepted the invitation of her neighbor, Mrs. Carl Erickson, and went over there to live with her two children. Three weeks ago Mrs. Vedvick and Erickson left the latter's home at Brainerd and came to Duluth, the children of Mrs. Vedvick remaining in the care of Mrs. Erickson, who has four children of her own to look after.

Erickson and Mrs. Vedvick were arrested Tuesday afternoon by Detectives Toewe and Bradley. In her cell Wednesday morning Mrs. Vedvick said she had gone with Erickson because she loved him and because she does not love her own husband any more. Asked what she proposes to do, the young wife declared that she would get her two children, who are but 2 and 3 years old, and go to work for a living. She would not live with her husband again, she said.

According to her story, Mrs. Vedvick's husband went to work on a farm near Brainerd about two months ago. Immediately after he left, Mrs. Erickson invited Mrs. Vedvick to come over and live with her, as she realized that the latter was living alone. It was while Mrs. Vedvick lived at the Erickson home that the friendship between her and Erickson began. The Vedvicks have been married four years.

JULE JAMIESON PASSED AWAY

Special to Dispatch:

Rochester, Minn., Oct. 9—Jule Jamieson, of Brainerd, aged 51, passed away at a local hospital, following a relapse sustained a week after being operated on for cancer of the stomach. His only child, Dr. E. F. Jamieson, was at his bedside. The body will be sent to Brainerd for burial.

Jule Jamieson was one of the pioneer business men of Brainerd. Born and reared in the east, his home having been in Maine, he emigrated to Minnesota and established himself in the hotel business at Brainerd, where for many years he conducted the Earl hotel. He was interested in the Klondike townsite and later platted and built up Julesburg near Crosby and Ironton. His wife preceded him to her reward several years ago and left him one child, his son, Dr. E. F. Jamieson, and on him his affections centered. He established him in practice at Motley. In the last three months Mr. Jamieson's health failed him so that he sold out his interests in Julesburg and on the range and retired. He visited various sections of the country and then as a last resource the operation at Rochester was decided upon. It was first believed to result successfully, for but two days before his demise he was feeling very well and hopes for his complete recovery were anticipated.

The deceased was a member of the Elks, Eagles and Red Men lodges. The funeral will be held in Brainerd, probably from the Congregational church where the family worshipped.

Nemo Corsets are the Best Foundation on Which to Build a Successful Gown

The fashion of to-day demands straight lines, and there must be no ugly bulges or bumps to mar the beauty of an otherwise perfect gown. This symmetry of outline is only possible when a gown is draped over a Nemo Corset; for no other corset has the patented semi-elastic fabrics, "Lastikops Webbing," to give it flexibility.

In the pictured model (No. 409) you can see how the broad bands of "Lastikops Webbing," extending below the skirt front, control the flesh on the upper limbs. The band expand when you sit, and contract when you stand, making a perfectly smooth line, even when a gown of the sheerest material is worn.

You ought to see this stylish new corset:

No. 409—Nemo Self-Reducing Corset, Lastikops System; with new form of Limshaping Extensions; very long skirt, low bust; Lastikops hose supporters; white coutil or batiste; sizes 20 to 36 -----\$4.00

Other Nemo models for all figures—\$2.25, \$3.00 and \$3.50.

Outer Guard—Wm. J. Lyonsals.

Bee Comb.

Bee comb or beeswax, the material of which the honey cells in the beehive are composed, is a wax produced by a system of chemistry carried on in the "wax pockets" which are located in the abdomen of all working bees. It is a peculiar substance and is said to be analogous to the fats of higher animals. Originally it was supposed that this wax was taken up in an almost pure state from the flowers by the bees, but experiments conducted by the leading botanists and chemists of the world conclusively prove that the bee is capable of elaborating his peculiar wax, although confined to a diet purely saccharin in its nature.

Nemo Corsets are the Best Foundation on Which to Build a Successful Gown

The fashion of to-day demands straight lines, and there must be no ugly bulges or bumps to mar the beauty of an otherwise perfect gown.

This symmetry of outline is only possible when a gown is draped over a Nemo Corset; for no other corset has the patented semi-elastic fabrics, "Lastikops Webbing," to give it flexibility.

In the pictured model (No. 409) you can see how the broad bands of "Lastikops Webbing," extending below the skirt front, control the flesh on the upper limbs. The band expand when you sit, and contract when you stand, making a perfectly smooth line, even when a gown of the sheerest material is worn.

You ought to see this stylish new corset:

No. 409—Nemo Self-Reducing Corset, Lastikops System; with new form of Limshaping Extensions; very long skirt, low bust; Lastikops hose supporters; white couti or batiste; sizes 20 to 36 -----\$4.00

Other Nemo models for all figures—\$2.25, \$3.00 and \$3.50.

Noted Orator May Deliver Columbus Day Address at Knights of Columbus Banquet

RANSFORD HOTEL, OCTOBER 12

Over 100 Have Already Signified Intention of Attending—Council Elects Officers

The eloquent and silver-tongued M. J. Daly, of Perham, may be the orator at the "Columbus Day" celebration of the Knights of Columbus of the local council, No. 1491, to be given at the Ransford hotel on Sunday evening, October 12.

Over 100 people and many out-of-town guests have already signified their intention of attending the banquet. Banquet tickets are on sale at the H. P. Dunn drugstore.

The local council held its annual election of officers and these will guide the destinies of the organization the coming term:

Grand Knight—Judge Mal D. Clark.

Deputy Grand Knight—John Taylor.

Chancellor—Wm. Barron.

Warden—Wm. J. Burns.

Trustee—P. J. Oberst.

Recording Secretary—Wm. Toohey.

Financial Secretary—George Vogel.

Inner Guard—Hugh Branson.

Outer Guard—Wm. J. Lyons.

Bee Comb.

Bee comb or beeswax, the material of which the honey cells in the beehive are composed, is a wax produced by a system of chemistry carried on in the "wax pockets" which are located in the abdomen of all working bees. It is a peculiar substance and is said to be analogous to the fats of higher animals. Originally it was supposed that this wax was taken up in an almost pure state from the flowers by the bees, but experiments carried on by the leading botanists and chemists of the world conclusively prove that the bee is capable of elaborating his peculiar wax, although confined to a diet purely saccharin in its nature.

William Infelt, aged 24, Gathering Assay Samples, Plunges Down Cuyuna-Mille Lacs Mine

LANDS IN CAR OF ORE AT BOTTOM

Heel is Crushed—Mining Firm of Gaylord & Guith is Dissolved—Other Crosby News

Crosby, Minn., Oct. 9.—William Infelt, aged 24 and married, in the employ of C. J. O'Connell, assayer of Crosby, fell 75 feet down the shaft of the Cuyuna-Mille Lacs mine while on a trip collecting samples of ore to be tested. In descending the ladder he fell from the first level and landed in a car loaded with ore and water. His heel was crushed. Some days will have to elapse to ascertain if he was internally injured.

Gaylord & Guith, a well known drilling and exploration firm, have dissolved partnership and each will be in business for himself.

Erick Johnson, once postmaster of Bovey, and a well known merchant of the Mesaba range, visited Crosby and the range this week.

Mrs. A. G. Hossmer was at Brainerd Wednesday.

J. B. Haskell attended to business matters in Brainerd Wednesday.

H. J. Ingalls, of the Ingalls Motor Boat Co., has commenced the construction of a residence, two stories in height, 24 by 28 feet in size, to be provided with all modern improvements.

G. E. Doerfler, of Waverly, visited Crosby Wednesday on life insurance business.

A. J. McLennan, secretary of Geo. H. Crosby, is at Crosby this week.

A carload of potatoes is daily shipped from the George H. Crosby farm. Mr. Crosby has demonstrated to the country at large the value of proper and scientific growing of this crop, his experiment farm on the

shores of Serpent lake yielding an enormous lot of tubers of the very best quality, getting topnotch prices in the Duluth markets.

The Crosby football team will play its first game of the season with Brainerd at Brainerd. A delegation of rooters will accompany the eleven. Supt. Conrad Raps has been coaching the boys.

Miss Adrienne Latham, who has been visiting her cousin, Miss Norma Ingalls, has returned to her home in Fargo, N. D.

The Friday Study club meets October 10.

A. F. Gross and family, who spent the summer at their Serpent lake home, have returned to Duluth.

Pupils of the Crosby schools are now attending school in four different buildings until the big new school is completed.

The high school and eighth grade classes voted on school colors, selecting maroon and white.

Alfred Peterson, formerly compositor on the "Deerwood Enterprise," is working for the "Crosby Courier."

Joe Mirrau and C. A. Lewis have rented the Crosby skating rink and have equipped it with new skates.

The Family Cough Medicine

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price, 50c and \$1.00. All druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.—Adv't.

Women Who Get Dizzy

Every woman who is troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so and they have done me a world of good." Just try them, 50c, and \$1 at all druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.—Adv't.

BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandierine from any druggist or toilet counter, and just try it.—Adv't.

Woodmen of the World of Barrows Give a Dance—Members and Friends Give a Smoker

Barrows, Minn., Oct. 9.—Officials of the Shenango Furnace Co. were in town looking over their properties in section 16, across the tracks from the Northern Pacific railway depot. It is rumored that a new mine is to be located there.

Barrows will be supplied with fresh meat as R. Hodge, of Crow Wing, has opened his new meat market in the Janesky building. A meat market is something for which Barrows has waited for a long time.

The Woodmen of the World held a dance last Saturday evening and about 35 couples attended. Supper was served at the Ideal cafe. Mr. Rogers, of Brainerd, furnished the music.

The Woodmen of the World held a smoker at Peck's hall after the regular meeting. Members and their friends enjoyed a pleasant evening. Lunch, refreshments and cigars were served and all report a good time.

John Wahl, of Duluth, was in town Tuesday.

Andrew Ring, Marcus Grande and Albert Milch left for Manganese Saturday.

Phil Roskoski has opened a shoe repair shop next door to the Peck building.

Arrangement are under way for organizing a brass band in Barrows, eighteen having signified their intention of joining, the majority of

whom are oldtimers. A meeting was held Monday evening at Roskoski's shoe shop and matters regarding instruments and music were discussed.

The Barrows baseball club will give a dance at Peck's hall, Saturday, October 18.

Rexall Ad-Vantage No. 2

Do You Love Violets?

Do you love to gather them, to bury your face in the mass of their sun-kissed petals—to revel in their fragrance?

Then why not carry with you everywhere the soft fragrance of choicest fresh-cut violets? You can, by using for all your toilet needs—perfume, talcum, cold cream, soap, sachet—the dainty.

Violet Dulce Perfume and Toilet Preparations

In the south of France, near the border of Italy, there springs in early January the Parma Violet, one of the finest and sweetest that blows. It is loveliest in the shade of the olive trees. The peasants who gather this violet for us go out soon after midnight to pluck it while it is still wet with dew. Before dawn, tons upon tons of these violets are heaped up in the distilleries. By noon they have been converted into the concentrated essence that comes over the seas to us.

To make an ounce of this essence, upon which our Violet Dulce is based, two tons of violets are used.

Violet Dulce Toilet Goods are sold to you under our positive guarantee that if you do not find them entirely satisfactory, you can have your money back. This guarantee is good in any Rexall Store, of which there are more than 7,000, one leading druggist in each important city and town in the United States, Canada and Great Britain. By their co-operative manufacturing and distributing arrangement, these stores can give you the advantage of very moderate prices on Violet Dulce Toilet Goods, as will be seen from the following list:

Violet Dulce Talcum Powder	25c
Violet Dulce Toilet Water	75c and \$1.25
Violet Dulce Extract—the ounce	50c
Violet Dulce Complexion Powder	50c
Violet Dulce Liquid Complexion Powder	50c and \$1.00

Woodmen of the World of Barrows Give a Dance—Members and Friends Give a Smoker

Barrows, Minn., Oct. 9.—Officials of the Shenango Furnace Co. were in town looking over their properties in section 16, across the tracks from the Northern Pacific railway depot. It is rumored that a new mine is to be located there.

Barrows will be supplied with fresh meat as R. Hodge, of Crow Wing, has opened his new meat market in the Janesky building. A meat market is something for which Barrows has waited for a long time.

The Woodmen of the World held a dance last Saturday evening and about 35 couples attended. Supper was served at the Ideal cafe. Mr. Rogers, of Brainerd, furnished the music.

The Woodmen of the World held a smoker at Peck's hall after the regular meeting. Members and their friends enjoyed a pleasant evening. Lunch, refreshments and cigars were served and all report a good time.

John Wahl, of Duluth, was in town Tuesday.

Andrew Ring, Marcus Grande and Albert Milch left for Manganese Saturday.

Phil Roskoski has opened a shoe repair shop next door to the Peck building.

Arrangement are under way for organizing a brass band in Barrows, eighteen having signified their intention of joining, the majority of

Rexall Ad-Vantage No. 2

Do You Love Violets?

Do you love to gather them, to bury your face in the mass of their sun-kissed petals—to revel in their fragrance?

Then why not carry with you everywhere the soft fragrance of choice fresh-cut violets? You can, by using for all your toilet needs—perfume, talcum, cold cream, soap, sachet—the dainty.

Violet Dulce Perfume and Toilet Preparations

In the south of France, near the border of Italy, there springs in early January the Parma Violet, one of the finest and sweetest that blows. It is loveliest in the shade of the olive trees. The peasants who gather this violet for us go out soon after midnight to pluck it while it is still wet with dew. Before dawn, tons upon tons of these violets are heaped up in the distilleries. By noon they have been converted into the concentrated essence that comes over the seas to us.

To make an ounce of this essence, upon which our Violet Dulce is based, two tons of violets are used.

Violet Dulce Toilet Goods are sold to you under our positive guarantee that if you do not find them entirely satisfactory, you can have your money back. This guarantee is good in any Rexall Store, of which there are more than 7,000, one leading druggist in each important city and town in the United States, Canada and Great Britain. By their co-operative manufacturing and distributing arrangement, these stores can give you the advantage of very moderate prices on Violet Dulce Toilet Goods, as will be seen from the following list:

Violet Dulce Talcum Powder.....	25c
Violet Dulce Toilet Water.....	75c and \$1.25
